

RELAY SOCKET PF083A

general characteristics

1. dielectric strength 2000V/AC-1Mim.
2. insulation resistance DC500V? 500MΩ
3. load rating voltage rating250V
4. heat deflection 130?
5. flammability ratings LU-94V2

Material

1. body- industrial plastic, PC+GF(FRP)
2. Conductor (phosphoresced copper)-C5159
